

**Breastfeeding  
forges bonds!**

... because smelling, tasting and  
sensing bring us together.

**Breastfeeding –  
what else?**

**Breastfeeding  
gets you trim!**

... because it burns additional  
calories every day.

**Breastfeeding  
is really practical!**

... because I have everything  
I need no matter where I am.

**We like breasts!**

... and breasts like feeding,  
because it keeps them healthy!

*I will definitely  
breastfeed my baby  
– how about you?*
